The faculty are alert about the diverse requirements of advanced and slow learners. In this regard, the teacher-in-charge of the college in his notification in the college website dated 03.08.2022ad reminded that the faculty pay extra attention to the slow learners without grouping them into clusters. The faculty had already been taking classes beyond college hours to improve the slow learners and after the said notification the process of catering to the needs of the slow learners gained momentum. The information regarding classes offered by various departments are appended below and they are genuine to the best of my knowledge.
